It will soon be time for the 2010 Annual Meeting of your credit union. It's an important occasion for you and for all member/owners. It enables us to come together, to hear reports on the state of the credit union, make comments, suggestions, and to ask questions about services and policy.

We will talk about the financial status of the credit union and goals for the upcoming year. We will also hold elections for the 2010 Board of Directors. This important distinction makes your credit union different from banks and other for-profit financial institutions. Our governing body (Board of Directors) is democratically elected by you, our members. They volunteer their time to help guide our primary mission of providing a wide range of not-for-profit financial services. We return the income made from our services directly to our members in the form of better interest rates on savings and lower interest rates and fees on loans.

Mark your calendar and make plans to attend. We'll be looking for you! If you need more details, please call or stop by the credit union. Please RSVP to either office.
