## OUR GROWING CREDIT UNION FAMILY

### Our Future is Stronger Together

It's been a little over eight months since the merger between Lewis Clark Credit Union and Clearwater Credit Union (CCU) became official, and I'm happy to be able to share that it's been a big success for our members. With a combined membership of over 12,000 now, all our members will be able to enjoy the advantages of a being a part of a larger financial institution. From our expanded network of branches to our even more competitive pricing and fee structure, the economy of scale that the merger provided brings significant benefits to all our members.

We recognize that change, even good change, can be challenging. With that in mind, I'd like to recognize all of the CCU members' support during this process. It's not always fun to get a new Visa credit/debit card or have a new checking account, but thankfully our new Clearwater members have shared that they appreciate all the new financial products and services, improved branch availability, more ATMs, and better rates that came with joining LCCU. We are all excited and honored to welcome the CCU members!

I also want to recognize and thank the LCCU/CCU team for making this a smooth transition. With this exciting growth, and all our new members, we are also thrilled to welcome new branch staff. All of the staff, new and seasoned, have worked hard to go above and beyond to make sure our members have a positive experience and any "growing pains" are quickly resolved. If you haven't stopped by a branch lately, we encourage you to drop in and say hi. This will give you a chance to meet and welcome our new team members as well as give us the opportunity to get to know you and serve you better.

At LCCU our focus is your future. We continually work hard to ensure that we're doing our best to make your membership with Lewis Clark Credit Union an excellent experience. If there's anything we can do to improve your experience, we want to know! If you have any questions, comments or suggestions, please feel free to give us a call or send us an email. We're here to make your financial life easier.
